Proposed development east of Lincoln Road, Glington

www.lincolnroad-glinton.co.uk

Larkfleet Group Ltd. is consulting on its plans to create up to 95 new homes, of which 30% would be much-needed affordable homes, on land east of Lincoln Road in Glington.

The site has been submitted for consideration as a possible location to support the city's housing needs as part of Peterborough City Council's Local Plan review. This proportionately sized development will help to support local housing needs as well as being sympathetic to the sustainable growth of Glington. In addition to creating new homes in a variety of sizes and styles to support different types of home buyers, it will also create new areas of public open space for recreation and play, new sustainable drainage, improved landscaping, modern energy efficient home standards, deliver Biodiversity Net Gain, and support local infrastructure.

Your views are important to us, and we'd be grateful if you can give us your feedback about our proposals. Your responses will be carefully considered before we finalise our plans and submit a planning application to Peterborough City Council.

Please complete and submit this form to arrive by **Sunday 11th August 2024** to:
